Issue No.14
Volume No. 27
Aug. 21, 2009

Theresa Kukawka • 8024 M. Channel Dr. • (810) 748-9528 - harsensislandflyer@gmail.com

This is the 14th FLYER of the season... Usually I take this opportunity to remind people that the GRAND FINALE... BIG LABOR DAY HOLIDAY ISSUE is just around the corner. But this year we have an "extra week." Sooooo the deadline is *next Sunday*, Aug. 30, at 5pm at Sans Souci Market. Typically, this is the largest FLYER of the season. Organizations try to give us their plans for the Fall & Winter... businesses want you to hang on to this paper in case you have a problem with your carpet/ heating/ trees/ windows/ etc... Restaurants want you to have their Fall/Winter hours... If you want to be "in it"... Take note of the deadline!

IMPORTANT MESSAGE FOR RESIDENTS OF HARSENS ISLAND

Your Fire Chief Daryl DuPage, needs your cooperation. It is important that you display the street number of your residence at the end of your dock or seawall as well as at the street so that your home can be identified from the water in the case of an emergency.

The numbers themselves should be at least 4 inches high and reflective. Green/metal address plates are available to order (\$10) at the Harsens Island Fire Dpt. They have two holes so you can screw/bolt them to your seawall/dock/mail box post. To order, contact Daryl at 810-459-7923. You can make arrangements to pick-up plates at the Fire Dpt or they can be delivered. Payment will be received at this time.

St. John's Marsh Phragmites Control

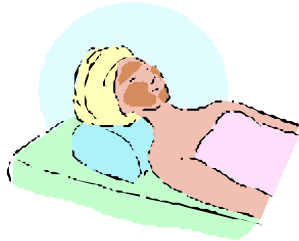

by: Bob Williams

On August 13, 2009 there was a public meeting at Metro Beach to explain the upcoming Phragmites Control efforts to take place at St. John's Marsh and Metro Beach. About 18 months ago the DNR received a \$379,000 grant from the U.S. Fish and Wildlife Service to continue with restoration at the two locations mentioned. The grant required that approximately \$171,000 in matching grant money be found. Even though the State has not found all of the matching funds yet they have enough to begin work. They expect to do ariel and ground spraying of the Phragmites, starting in mid to late September, in the Northern section of St. John's Marsh on the East side of Dyke Rd. This area covers approximately 487 acres. In conjunction with this work in the next few weeks the DNR will be burning on the West side of Dyke Rd. in an area which was sprayed last year. If you have kept an eye on the progress at St. John's Marsh over the last few years I'm sure you can see how much less Phragmites there is at the Southern end where work was begun years ago. The DNR is hoping that the townships around Anchor Bay, including Clay Township, can help with matching funds so that the remainder of the USFWS grant money will be made available. It would cost each township as little as a couple thousand dollars a year for three years to complete the grant.

Last summer at the Readers Cove, Nancy Streit graciously led a group of adults in "Memoirs Made Easy." One of the participants was Delanie Goodwin and she agreed to have one of her stories published in the 2009 Delta News. I found it so enchanting, I re-typed it for all of the FLYER readers.

It Felt Right

By Delanie Goodwin

In 1984, after being introduced to Norman and Ethel Thayer, Jr's delightful summer life style, I began a quest to find the Goodwin family a private *On Golden Pond*.

Traveling the coastline of Michigan for over three years while telling realtors, "I can't describe the place I want, but I will know when it feels right," our search again brought us to Harsens Island. A family meeting had given me 30 days to buy a cottage or we were getting a sailboat! It appeared that my husband and daughter were tired of sharing my vision every weekend.

After a frantic whispered call to realtor Pat Smith explaining my dilemma we came to the Island to meet a frustrated but patient Pat. He had lined up another full day of property viewings. Having no luck and arriving at the last cottage, I happened to see next door the roof top of a dilapidated "shack" barely visible through the natural vegetation. An inquiry revealed that this cottage and 6 acres of swampland was indeed for sale. Convincing Pat that it was o.k. if there were holes in the roof and the cottage was a habitat for raccoons, we cut our way through the weeds, fighting the bugs and mosquitoes, and trying not to inhale a very unique odor. Much to our surprise as we reached the property, we discovered in the back yard a canal & a condemned and collapsing boat house, which Pat warned us not to enter as it was dangerous. However, a peep in the window revealed an antique mahogany Chris Craft boat similar to the Thayer IV. This helped my husband see my dream!

Without even entering the cottage, we purchased the property, the boat, and all the furnishings that afternoon. The next weekend the remodeling work began. As the first piece of wall paneling was removed, a 1941 calendar with the month of December showing fell out of the wall. This is the month and year of my birth. The next removal revealed a 1944 newspaper which was being used for insulation. Its headline read "*Announcing Goodwin's Grand Reopening.*" It not only felt right, but it was our destiny.

Since I just finished reading through this years

Delta News, I thought I would put in a PLUG!

Anyone who is a member of the HISCFA receives the Delta News. This annual publication is filled with many wonderful stories, poems, articles on current issues, historical pieces, updates on all the island organizations and dozens of sweet photos. In fact, if you read this year's 66th edition, you'll be able to answer all of these questions.

1. Where were Bill & Minnie Harm working in 1921?
2. When was the HISCFA formed?
3. How long ago were the South Channel Range Lights put into service?
4. When was the opening of the St. Lawrence Seaway?
5. How long did the Great Ice Jam of 1984 leave Islanders stranded?
6. Who wrote "There was a young lady from Harsen who ran off with a village Parson"?
7. Who purchased a cottage on Harsens Island, "the boat, and all the trimmings without even entering the cottage" in 1984?
8. What are the names of the three churches currently on Harsens Island?
9. Whose mission is "To Serve"?
10. Who is the current president of the HISCFA?

Thank you so much to all the many people who attended the **Idle Hour Brunch**. In addition, thanks to the Crew of the Idle Hour who did all the preparing and delicious cooking of the scrumptious food.
