Bottoms Up from the
Island Oasis

This week, I want to share some fun facts about:

Riverside Grocery

Don't let the name fool you... this is not just the neighborhood grocery store! This charming, historic, island treasure serves some of THE BEST homemade delicacies in all of Michigan!! Don't believe me?! Go check out their weekly special OR famous "bread knots" OR Laura's homemade soup OR Tom's new Sliders. But call ahead (748-8805) because they are busy all the time... seven days a week... twelve months a year!!

YES, you read that right. This past year ('08-'09) Riverside stayed open through the winter months and many islanders, who had never experienced this quaint little store tucked behind Lug Island, were thrilled to discover the fresh, variety of menu items. The food is so delicious that islanders have begun requesting Riverside to cater their events. From intimate wine tasting parties, to large wedding receptions hosted at the Sans Souci Landing, these professionals can rise to any request. Tom Stebbins and Laura Carnago have an impressive resume as chefs at 5-Star hotels. Based on the number of orders that beeped in while I was trying to gather this information, they have been discovered, even though they appear to be hidden in the remotest part of our island paradise!

Many people think the "location" of a business is key to its success. On the one hand, Riverside is not on the way to anything... in fact, it seems out of the way, over 7 miles from the ferry off the S. Channel/Green Drive. On the other hand, Riverside's location is so unique, so peaceful, so picturesque, so accessible by boat or car... it's become

a destination of choice!

*For those of you coming by boat, Riverside is directly between Channel Marker 13 and The Idle Hour Yacht Club.
The GPS Coordinates are 42 33 28.81N & 82 37 26.69W*

If you have frequented Riverside before, you'll be awed at the new retro-chrome inside dining area. This family owned/operated business is constantly thinking/working/ changing to meet the needs of their customers. If the weather is bad, don't let that stop you from enjoying a nice home cooked meal. P.S. Call ahead: 748-8805!

Facebook members can check out the menu (one just has to become a friend of Riverside Grocery- Harsens Island & the menu is listed in the "photos." Or log on to www.russellislandhs.com

THREE@SEA

David Besemer (son of Nancy Streit), his wife Kathryn, and their 12 year old Ayla, dropped anchor Wed. on their Nordhav'n ocean going trawler, Three@Sea. They are embarking on a round the world cruise beginning here in the Great Lakes. They have come up the inter coastal waterway into Lake Ontario via the Erie & Welland Canals. They're here a couple of weeks to celebrate

Kathryn's 50th birthday!

They will then travel up into Georgian Bay and follow the Trent-Severn Canal back out into the St. Lawrence Seaway. After the hurricane season is over they will head to Central America. This family adventure can be followed via website and blogs (Three@Sea.com). Ayla also has several videos that she has done.

Yes! WE DO have a say in the Development of the Island!

The Grand Pointe Development / Boys' Club Property Decision.

The St. Clair County Circuit Court denied the appeal by Lucky 7 Development, L.L.C. and Grand Pointe Development, L.L.C., stating "...the decision of the Planning Commission was lawful and a proper exercise of discretion based on competent material and substantial evidence."

Lucky 7 Development had petitioned Clay Township for a Special Land Use variance for the Boys' Club property to build a cluster housing development consisting of 348 units around a 60 acre lagoon, and to cut and re-route North Channel Drive around this development.

The Clay Township Planning Commission decided that "... the proposed development was not in harmony with the existing and intended character of the general vicinity and that such a use would change the essential character of the area".

In hearing the appeal, the Circuit Court ruled "The [Planning] Commission's Decision was lawful, was supported by competent, material, and substantial evidence, and was a proper exercise of discretion and therefore must be upheld by this Court."

Islanders, concerned that this type of development would adversely affect the delicate environmental character of the island, rallied as a group through the Citizens For Responsible Development. The Citizens spoke, the Planning Commission listened, and the decision was made. We, the People DO have a voice in the decisions made within our community.

The opinion of the Circuit Court was entered June 2, 2009 by Judge Daniel Kelly. The Opinion in its entirety is available at: <http://www.ccctwp.org>.

Earth to Outer Space Reading Program for children, kindergarten to 5th grade, is gearing up to start the middle of June. It has been found that kids who read through the summer are way ahead of kids who do not read when they return to school in the fall. The Readers Cove rewards kids with wonderful prizes and a party at the end of the summer. Please come and join the fun with your kids.

Also this summer, we are extending the reading program to 6th to 8th grade students called **March to the Medals (Olympics)**. They will read one book a week, and there will be prizes all summer. Come sign up **NOW!**

The next best reading activity is **Our Little Children's Story Hour** every Wednesday at 11:00 A. M. for grandmas, moms and dads to bring their young ones.

We want to invite you to our **Memoirs Writing Group** on Mondays at 2:00 P. M. This is a fun way to record personal events in your life for posterity. Last year's group could hardly wait to start again this season. Come be a new member.

We want to remind you of our **Fabulous Book Sale** on June 19th and 20th during summer hours - **Very Cheap Prices!**
